

July 28 & August 3

10am - 4 pm EDT

Learning Through Change:

Indiana's Back to School Summit

What challenges are you facing as we welcome students back after an untraditional year of learning, due to COVID-19? And, what support do you need?

Indiana Youth Institute is pleased to offer a virtual summit that will provide training and support for you to feel revived when facing the opportunities and challenges of the 2020-2021 school year.

During this event, you will engage with national and state speakers, connect with like-minded professionals and help school communities prepare for a year of change and re-imagining what's possible within Indiana's schools.

We invite you to join us for more than eight workshops, held twice, over two days. Topics include:

- Social Emotional Health
- Change Management within Schools
- Remote Learning Strategies
- Remote Relationship Building
- Equity and Inclusion

This summit is FREE* to you, CEU's available!

Paid for by underwriting costs*
